Specifications

Fingerprint Sensor	Semiconductor Fingerprint Sensor Technology, record 5 times, save 10 sets
Fingerprint shape	Square, 10.4 * 10.4 mm
Storage capacity	10 sets of fingerprints
Technology	biometrics
False rate	<0.002%
Rejection rate	<1%
Fingerprint collection time	⩽ 0.5 seconds
Fingerprint match time	⩽ 1.0 seconds
Manager's Fingerprint Capacity	2 sets of Fingerprints

Fingerprint setting	Short press unlock, long press 5 seconds to set fingerprints, long press 10 seconds to remove fingerprints
Lock core	No mechanical lock core
Support system	For Android, for iOS
IC Induction Card	Not Supported
Motor	Planetary deceleration motor M10
Operating voltage	3.7 V
Battery	lithium battery 170mAh 3.7 V
Charge current	5V/200mA
Full charge reminder	Green light extinguished
Low power alert	3.5 V
LED Lamp	Tricolor Lamp
USB interface	Micro USB 5V 0.5 A(emergency + charging)
Button	Stroke detection button * 1(built-in)
Operating temperature	-20°C~70°C
Unlock times	1000 times
Waterproof	IP54
Dimension	75x48x16.4mm
Net weight	128g

Dimensions(mm)

48mm

75mm
