**Features**

107dB output power at 1 meter
F1 RF technology accelerates the signal transmission speed and increases the communication range
Four programmable siren duration options
Four selectable siren volume levels
Orange pilot
Programmable strobe activation
Differentiated alarm sounds for fire and burglary
It works with batteries
Meets CE requirement
IP56 waterproof and dustproof housing
Audible arming / disarming, door chime and low battery status notification
Periodic monitoring signals to verify system integrity and troubleshoot
Tamper protection prevents unauthorized removal or tampering
Low battery detection
Complies with EN50131-4 / EN50131-5-3 Grade II, Environmental Class IV

**Specs**

RF frequency. 868MHz
Power supply: 4 alkaline 1.5V batteries
Battery life of up to 4 years
-25 ° C ~ + 60 ° C operating temperature
Relative humidity up to 85% (non-condensing)
Dimensions: 205 (W) x 317 (H) x 83 mm
