

VESTA programmable output module

  GRADE 2

- VESTA output expansion module
- Provides 4 programmable outputs to the VESTA Hybrid Alarm System.

Reference / Model	VESTA-340 / WEPC-1
Specifications	
Extension of 4 additional programmable outputs	
RS485 connection	
Compatible with VESTA Hybrid Security Alarm System	
External adapter 12V DC, 1A	
Input voltage: 10.5V ~ 14V DC	
Maximum consumption: 210mA	
Operating temperature -10°C ~ +45°C	
Relative humidity up to 85% (non-condensing)
