

V-MAX BUS power supply

  GRADE 3

- V-MAX BUS 4A power supply for 7Ah or 18Ah batteries
- V-MAX BUS bus supervised power supply
- Remote monitoring from SHS APP: Battery level, Consumption and output voltage level
- Surface mounting
- EN50131 Grade 3 Certificate

Reference / Model	VESTA-387 / PW1-BUS
V-MAX BUS 4A power supply unit	
Capable of charging 12V /7Ah or 12V /17.2Ah lead-acid batteries	
Provides an integrated wiring power solution	
Tamper protection	
Monitoring of: Battery Level, Battery Status, AC Status, Wall Tamper and Lid Tamper	
Equipped with 3 sets of 4 pin BUS terminals	
V-MAX Bus Supervised Power Supply	
Power output: 4A/16VAC, 3.5A/18VAC	
Dimensions: 320 x 398 x 91	
Surface mounting	
Enclosure protection rating: IP20	
EN50131 Grade 3 Certificate
