

# VESTA-357-720P

892EX-HD-BUS

## PIRCAM 720P V-MAX BUS detector for outdoor use

- PIRCAM V-MAX BUS VESTA detector for outdoor use
- Coverage of 12 meters
- Resolution 720P
- Optics 102 °, IR illumination of 7 meters
- Anti-masking and anti-pet function 25 kg
- EN50131 Grade 2 certified.

### Reference / Model

VESTA-357-720P / 892EX-HD-BUS

Advanced dynamic speed adjustment algorithms to maintain a fast and stable image transfer rate depending on the BUS signal quality

Installation height: 2.3-2.5 m (8-2.5 ft)

Pet immunity enabled/disabled by remote control setting

Blind spot eliminated

Pet weight/height: up to 25 kilograms (55 pounds)

V-MAX BUS communication

Wide camera field of view leaves no blind spots

Two adjustable sensitivity levels: High / Normal

Captures one, three or six images when irregular motion is detected

Three alarm image processing options:

1 HD color alarm image (1280x720).

3 VGA color alarm images (640x480)

**PIRCAM 720P V-MAX BUS detector for outdoor use****Reference / Model****VESTA-357-720P / 892EX-HD-BUS**

6 VGA color alarm images (640x480)

Delivers one image on request

LEDs indicate faults and test modes

Anti-masking function allows detection of any attempt to blind the detector

Night illumination capability

Warm white fill light covering up to 5 meters (16 feet)

Infrared (IR) fill light covering up to 7 meters outdoors, 10 meters indoors (room size limited to 10 m x 6 m)

Tamper protection to prevent unauthorized sabotage

Wall bracket for flexible installation

Optional mounting accessory: swivel mount

Suitable for use in security and automation

Detection range: 12 meters, installed at 2.3 meters height

HD CMOS sensor

Horizontal viewing angle: 102

Resolution: 1280 x 720, 640 x 480

Infrared illumination up to 7 meters

BUS power supply

Operating temperature -10°C ~ +45°C (-10°C ~ +45°C)

Relative humidity up to 85% (non-condensing)

Dimensions: 63 (W) x 123 (H) x 45 mm

EN50131 Grade 2 certified
